It's not witness intimidation when we're the witnesses, you lying mental patient. Get your affairs in order now, because it is exceedingly difficult to manage these things from jail when you haven't prepared in advance.

That's not enough of a punishment, because we all know Edward is the kind of degenerate who would enjoy having a train run on him in prison by real men.

I got a zuck just for using the word "tranny". I called that Emily tranny that lied about **@Cantwell** a "tranny fag thing" in a comment in a closed group, and got zucked for it.

4. Defendant Emily Gorcenski denies the allegations set forth in Paragraph 4. Ms.

Gorcenski is neither white nor male, and **counsel wishes now to encourage this Court to honor and enforce the use of gender-appropriate language when referring to Ms.**

Gorcenski. The allegation that Ms. Gorcenski "pretends to be a transgender woman of color" is heinously insulting and violates the obligation of counsel to act with civility as well as the Virginia State Bar principles of professionalism to avoid all bigotry, discrimination, and prejudice.

Gorcenski skipping the country again? Could it be that the many inconsistencies in her sworn statements, and testimony are finally coming to light for some prosecutor preparing for a big trial? A prosecutor who has proven willing to charge people with perjury, perhaps? Hrmmm...

I hope that faggot tranny has some kind of assets to seize or at least if **@cantwell** wins he can garnish that freak's wages to help fund the creation of the Emily Gorcenski Center of Appreciation for Adolf Hitler.

If you're a straight, single woman this Valentines Day I am really sorry about the straight part and it doesn't have to be that way.

Straight from the horse's mouth, being gay is a choice and one can simply "go gay" if they chose to. Thanks for clarifying that Edward! Of course this means that the converse is also true and fags can simply be made to "go straight" if social pressure to cast out degeneracy increases.

Your twitter accusations don't matter to the FBI, faggot. You should have kept it local instead of importing your Philly pals. You're going to a men's prison.

Gorcenski made a Gab account, and she apparently doesn't like the interface much. Too bad, I think it would be fun to see her post here often.

The thing is, I don't feel any better calling that fuckin freak a man, and I was never able to figure out the gender neutral they/them thing when it came to singular entities. This is why we just need to have them executed at taxpayer expense.

Trannies need to be extra careful to obey the law. When they commit perjury, or other crimes, they go to the prison they were born for, not the one they wanted.
